

# Information Presentation

---

Shamrck is a complete website and business management tool designed to simplify sales and marketing for small businesses in the United States.

# Problem

Our target customers typically has these 1 or more of these problems.

## A DIY Solution Isn't Enough

Websites like Wix and Squarespace offer basic websites but are too simple to fulfill most small business needs.

## Non-Tech Business Owner

Non-technical business owners don't have the expertise to learn how to build a website and run a business.

## Available Help Needed

Business owners want to know their tech works and can call someone for help.

## Website Development

Our team helps create the website and hosts the web presence for small businesses.

## Business Tools

Sales and marketing tools are included on dashboard for ease of use.

## Developer Help

All plans include up to 3-20 hours of technical help each month.

# Solution

---

Our platform helps small businesses stay in business.

# Value Proposition

---

We manage your business website and give you the tools to run your operations to get you back to running your business.

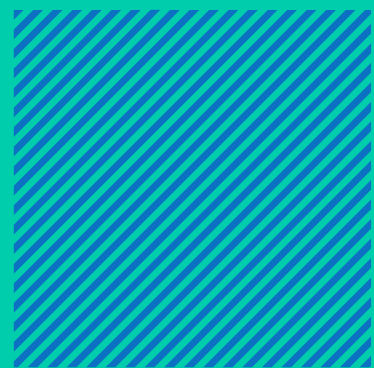

We target business owners that need more time with their customers. We help you automate so you can manage more customers in less time.

# How it Works

Our process is simple. By allowing the experts to handle your website, you save time. With our business tools built into your dashboard, you save money.

 shamrck

1. We build a stylish website and incorporate marketing tools.
2. Use operations business tools to automate processes.

# Proof

---

Our customers' happiness with our product helps us keep building with small businesses in mind.

Love working with Sheffie and her team. They are super responsive and very easy to work with.  
- Jen. M

Excellent experience with Shamrck! Communicated all by email and received exceptional and timely service. Couldn't ask for a better transaction!  
- Jeremy R.

Working with Shamrck has played a key role in helping our group identify gaps as well as provide solutions relating to our launch plans. We look forward to continuing our progress in the future.  
- M.Y.

I've worked with Shamrck for several years now and there's a reason for that. Quality, professional work executed timely and with great care. Superb customer service and they have consistently delivered on every projects, task, or item I have inquired about or have been in need of assistance. Highly recommended!!!  
- Julie W.

# What's Happening Next

We are adding more features to our dashboard to help you run your business.

Features like email marketing, payments, agreements, text messaging, business email, video chat, sales funnels, and more will help you further automate your business.
